

FOR IMMEDIATE RELEASE

CHS is McKesson's 2008 ICARE Award Recipient

PALMER, MA (OCTOBER 2008) – Complete HealthCare Solutions, Inc. is proud to announce that they are the recipient of McKesson Corporation's 2008 ICARE Award.

The ICARE Award and is named after McKesson's shared principles. "I" stands for Integrity, "C" stands for Customer-first, "A" stands for Accountability, "R" stands for Respect, and "E" stands for Excellence. The award is given to the McKesson Business Partner that has made the biggest impact in healthcare in their community.

The recipient of the inaugural ICARE honor is Complete Healthcare Solutions, Inc. because they have made connectivity a strategic focus of the business. For example, every Thursday at 4pm, there are connectivity meetings where employees brainstorm ideas to help their customers improve patient care by getting connected.

The focus on connectivity stems from the story of Sarah Penna, daughter of CHS owner and founder, Mike Penna. Diagnosed with bi-lateral hip dysplasia (BLHD) at birth, the Penna's chose Shriners Hospitals for Children to treat young Sarah. The patient education tools, combined with the connection of Shriners Hospitals to other facilities that specialized in BLHD allowed the Penna's to be educated and proactive about Sarah's treatment options. At the age of two, Sarah underwent surgery that required her to be in a body cast. At the age of three, she was still not walking; one day, at a family gathering, Sarah decided she wanted to run around with her cousins. To the amazement of her family, Sarah stood up and walked. For the first time in her young life, she began living as a normal three year old.

Today, Sarah is healthy and lives a normal life. The Penna's credit Shriners Hospitals' approach to connected healthcare for their daughter's recovery and, therefore, have made one of the strategic goals of CHS to promote connected healthcare, helping other families in the process.

ABOUT COMPLETE HEALTHCARE SOLUTIONS, INC.

Complete HealthCare Solutions, Inc (CHS) is a privately owned company; founded in 1994 by Michael A. Penna. The CHS mission is to improve the level of care patients receive from their healthcare professionals by providing software solutions to address every aspect of patient care and practice management. Over the course of its history, CHS has grown into a national company and has developed an exclusive partnership with McKesson Corporation.
